

in particular:

- ① We would like to learn about the interaction and since we choose A effective & explicit d.o.f. we have in principle $V_{NN}, V_{NNN}, V_{NNNN} \dots$
- ② We would like to learn about the reliability of effective & explicit and effective & implicit d.o.f. (N, π , ... ?)
- ③ We would like to learn about "on shell" and "off shell" properties of the potential
